This book is an inspirational collection of 50 Greatest Freedom fighters who had different strategies in mind, but all functioned as juggernauts in the freedom struggle against the atrocities of the British risking their life and profession. Independence Day Hindi/English Bilingual Book for Kids

How India Lost Her Freedom "Totaram Sanadhya came to Fiji as a ginnitiya, or indentured labourer, in 1893. In 1914, he returned to India and together with Benaraside Chaturvedi wrote this book, a powerful indictment of the indentured labour system and the treatment of Indians in Fiji. It was one of the first books to use New Testament parables to demonstrate the point about the public movement in India that led to the abolition of indenture in the 1900s. The movement Gandhi later called the first national sayagata. (This volume also includes an English translation of The story of the haunted line: a moving story of a man saved from fear and despair by Hindu devotion and the friendship of ethnic Fijians.)--Back cover.

Unsung Heroes of Freedom Struggle in Andamans Who's who A freedom fighter's account of India's struggle for independence. How the British came to India, slowly penetrated the sub-continent and established an empire is a story recorded by many historians but not fully told. The early British historians tried to play down the role of their countrymen in subjugating the native kingdoms in India by all means. It was left to a few diligent historians to carry out painstaking research and unravel the facts. Pandit Sunderlal, who wrote this sensational book originally in Hindi in 1929, vigorously exposed the British plan to enlarge their sphere of influence in India slowly and steadily through a number of dubious methods. Apart from revealing the state of affairs between the Indian native kingdoms and the East India Company, How India Lost Her Freedom provides a fine account of what India was prior to the advent of the British. The book focuses on the crucial facts and events that led to the establishment of British rule over India.

Accessions List, South Asia This study explores how Dalits in north India have used literature as a means of protest against caste oppression. Including fresh ethnographic research and interviews, it traces the trajectory of modern Dalit writing in Hindi and its pivotal role in the creation, rise and reinforcement of a distinctive Dalit identity. The book challenges the existing impression of Hindi Dalit literature as stemming from the Dalit political assertion of the 1880s and as being chiefly imitative of the Marathi Dalit literature model. Arguing that Hindi Dalit literature has a much longer history in north India, it examines two differing strands that have taken root in Dalit expression—the early ‘popular’ production of smaller literary pamphlets and journals at the beginning of the 20th century and more contemporary modes such as autobiographies, short stories and literary criticism. The author highlights the ways in which such various forms of literary works have supported the proliferation of an all-encompassing identity for the so-called ‘untouchable’ castes. She also underlines how these have contributed to their evolving political consciousness and consolidation of newer heterogeneous identities, making a departure from their long-perceived image. The work will be important for those in Dalit studies, subaltern history, Hindi literature, postcolonial studies, political science and sociology as well as the informed general reader.
