Vitamin A - Wikipedia

Vitamin A is a group of unsaturated nutritional organic compounds that includes retinol, retinal, and several provitamin A carotenoids (most notably beta-carotene). Vitamin A has multiple functions: it is important for growth and development, for the maintenance of the immune system, and for good vision. Vitamin A is needed by the retina of the eye in the form of retinal, which combines with This is a list of women who have made noteworthy contributions to or achievements in mathematics. These include mathematical research, mathematics education,:
