Shows how astrology works as a collective unconsciousness tool that has a direct bearing on humanity as a whole

Demian by Hermann Hesse

A penetrating study of ordinary people resisting the Nazi occupation—and, true to its title, a dark comedy of wartime manners—Comedy in a Minor Key tells the story of Wim and Marie, a Dutch couple who first hide a Jew they know as Nico, then must dispose of his body when he dies of pneumonia. This novella, first published in 1947 and now translated into English for the first time, shows Hans Keilson at his best: deeply ironic, penetrating, sympathetic, and brilliantly modern, an heir to Joseph Roth and Franz Kafka. In 2008, when Keilson received Germany's prestigious Welt Literature Prize, the citation praised his work for exploring "the destructive impulse at work in the twentieth century, down to its deepest psychological and spiritual ramifications." Published to celebrate Keilson's hundredth birthday, Comedy in a Minor Key—and The Death of the Adversary, reissued in paperback—will introduce American readers to a forgotten classic author, a witness to World War II and a sophisticated storyteller whose books remain as fresh as when they first came to light.

Religion within the Limits of History Alone

Paul, Ryan and Tiffany never thought they would ever have to return to the world of (c)Minecraft where they barely managed to survive the first time! Now with Tiffany's entire future on the line, the three teens return to a very unforgiving world, one where they will have to depend on their courage as well as their knowledge of (c)Minecraft in order to survive creepers, witches, dragons, and zombies. This time there is an even greater danger as the teens face threats from nightmarish aliens and gigantic robots with unimaginable weapons as well as from Slender Man. To make matters even worse, these creatures are poised to make the leap back to the world the teens left. If they succeed, there will be no way to save the world. Enjoy reading about the three friends' exciting journey while you also learn some tips and tricks on playing the world's most popular game. This book is the sequel to Journey to a Different Dimension but may be read on its own.

This Life Or the Next
The award-winning New York Times bestseller about the extraordinary things that can happen when we harness the power of both the brain and the heart. Growing up in the high desert of California, Jim Doty was poor, with an alcoholic father and a mother chronically depressed and paralyzed by a stroke. Today he is the director of the Center for Compassion and Altruism Research and Education (CCARE) at Stanford University, of which the Dalai Lama is a founding benefactor. But back then his life was at a dead end until at twelve he wandered into a magic shop looking for a plastic thumb. Instead he met Ruth, a woman who taught him a series of exercises to ease his own suffering and manifest his greatest desires. Her final mandate was that he keep his heart open and teach these techniques to others. She gave him his first glimpse of the unique relationship between the brain and the heart. Doty would go on to put Ruth’s practices to work with extraordinary results—power and wealth that he could only imagine as a twelve-year-old, riding his orange Sting-Ray bike. But he neglects Ruth’s most important lesson, to keep his heart open, with disastrous results—until he has the opportunity to make a spectacular charitable contribution that will virtually ruin him. Part memoir, part science, part inspiration, and part practical instruction, Into the Magic Shop shows us how we can fundamentally change our lives by first changing our brains and our hearts.

The Fairy Tales of Hermann Hesse

Comedy in a Minor Key

The stories Hesse tells appeal to young people, because they keep faith with the powerful emotions of adolescence, which most adults forget or outgrow. As a young middle class boy Emil Sinclair has trouble knowing what is or what should be. Throughout this novel he is constantly seeking validation as well as mentorship. As Emil struggles a childhood friend begins to mentor him and is said to be his daimon. In ancient Greek daimon is is a person's deity or guiding spirit. In his story Emil's parents are a symbol of safety and fallback as his friend helps lead him to self realization.

Jung's Map of the Soul

Beyond summarizing the three volumes on Persona, Shadow and Ego in the Map of the Soul series, this latest book explores the entire BTS album, start to finish, revealing profound insights into the collective psyche of BTS. The title of BTS’s latest album, Map of the Soul: 7, captivates the mind with its suggestive and alluring imagery. It came as a surprise to many fans. Expected was an album that would follow upon Map of the Soul: Persona with songs about Shadow or Ego. While the new album does indeed include songs with these themes, it is much more
complex and broader in vision than expected. The number 7 suggests mystery. It catches the mind’s attention with its symbolic significance. What does this number mean in relation to the idea of a “map of the soul?” This book dives into this mystery and explores the unconscious reaches of our mind. Fans of BTS from around the world will marvel at the depth of meaning in the songs contained in Map of the Soul: 7. They take the listener into deep reflection upon the meaning of striving and ambition, the dangers of worldly success, and the amazing resiliency of the human spirit to recover and go on despite the pitfalls on life’s journey. The songs themselves function as a map for souls who are setting out in life and engaging in challenging relationships. The songs are reflective, mirroring what we find within ourselves in our struggles to become and to thrive. When you stand on the threshold of a new land, it is useful to have a map as your guide. The great psychologist of the 20th Century, Carl Jung, created a Map of the Soul that many people in his time found more than a little helpful, even lifesaving. It is even more so now, for people in the 21st Century, caught in the profound complexities of modern life. Armed with this map, people are better able to find their way successfully through life’s journey. Today, BTS is putting this map into the hands of their fans. For this great service we are profoundly very grateful.

Transitional Justice in Law, History and Anthropology

From award-winning author Demian Vitanza comes a groundbreaking novel--his first to be translated into English--about one man's alienation, radicalization, and disillusionment on the violent front lines in Syria. Tariq Khan is a Pakistani born and raised in Norway. An outsider in his own country--adrift between two worlds divided by class, race, and culture--he's always been searching for home. Alongside a flock of other streetwise young men, each looking for direction and each easily susceptible, Tariq finds his cause in the Muslim revival. Idealistic, driven by faith, and empowered with purpose, he's drawn to radical Islam--his last resort for achieving a sense of belonging, for embracing and being embraced. It's only when he enlists in the war against Assad that Tariq's eyes are truly opened. Dispirited with the violence, faced with the consequences of his choices, and increasingly distanced by the brutalities of jihad, Tariq contends with spiritual struggles that are his alone. So are the stories he will tell to make sense of his life. In this daring and unprecedented work of literary fiction, Demian Vitanza explores the power of memory, the lure of rebellion, the search for meaning amid chaos--and the toll that such a journey can take before finally finding one's way home.

An Analysis of Dualism of the Personality in Hermann Hesse's Demian and Der Steppenwolf

Narra la historia de Emil Sinclair, unos de los personajes del escritor alemán Hermann Hesse, desde la niñez hasta la madurez. Emil Sinclair es un niño ha vivido toda su vida en lo que el nombra Scheinwelt, "mundo de ensueño", hasta que una mentira le hace cambiar de su visión del mundo y todo lo que le rodea. Esto le lleva a conocer a un personaje extraño llamado Max Demián, que lo guiará cuál filósofo en caminos de autorrazonamiento y destruyendo sus viejas creencias.
Siddhartha, Demian, and Other Writings: Hermann Hesse

Publicado em 1919, com o pseudónimo Emil Sinclair, Demian conta-nos a história de uma difícil caminhada para a maturidade, que culmina nos dias sombrios da Primeira Guerra Mundial. Os seus protagonistas - o enigmático Max Demian e o narrador, o jovem Emil Sinclair - erguem, ao longo das páginas deste romance, um inesquecível grito de revolta contra os processos de uniformização então predominantes e contra a barbárie massificada que viria a constituir a marca mais característica do século XX. Demian é um brilhante retrato psicológico de alguém que rompe com as convenções sociais em busca da realização espiritual e do autoconhecimento. Influenciado pelas ideias de Carl Jung, fundador da psicologia analítica, mas também pela sabedoria oriental, Hesse interroga-se acerca da natureza humana, com as suas contradições e dualidades, e aborda muitos dos seus temas característicos, alguns dos quais haveria de retomar em Siddhartha. Romance cuja influência Thomas Mann comparou à de Werther de Goethe, Demian continua a marcar gerações de leitores, pois, como todas as obras-primas, a mensagem que contém é de perene interesse. O mais admirável êxito de Hesse e um dos mais importantes livros do século XX.

Fearlessly taking on "canon formation," Whissen identifies the top 50 classic cult books, first presenting an informed and witty interpretation of the phenomenon and its characteristics with examples from different cultures and periods. The individual works are each discussed relative to time and place, impact, and audience psychology and analyzed in terms of common cult attributes. A chronological listing of cult fiction adds a number of titles not chosen for the top 50.

The Secret Wisdom of 666

Narcissus and Goldmund is the story of a passionate yet uneasy friendship between two men of opposite character. Narcissus, an ascetic instructor at a cloister school, has devoted himself solely to scholarly and spiritual pursuits. One of his students is the sensual, restless Goldmund, who is immediately drawn to his teacher's fierce intellect and sense of discipline. When Narcissus persuades the young student that he is not meant for a life of self-denial, Goldmund sets off in
pursuit of aesthetic and physical pleasures, a path that leads him to a final, unexpected reunion with Narcissus.

There is a lot of interest in today's culture about the idea of Persona and the psychological mapping of one's inner world. In fact, the interest is so strong that the superstar Korean Pop band, BTS, has taken Dr. Murray Stein’s concepts and woven them into the title and lyrics of their latest album, Map of the Soul:Persona. What is our persona and how does it affect our life’s journey? What masks do we wear as we engage those around us? Our persona is ultimately how we relate to the world. Combined with our ego, shadow, anima and other intra-psychic elements it creates an internal map of the soul. T.S. Eliot, one of the most famous English poets of the 20th Century, wrote that every cat has three names: the name that everybody knows, the name that only the cat’s intimate friends and family know, and the name that only the cat knows. As humans, we also have three names: the name that everybody knows, which is the public persona; the name of that only your close friends and family know, which is your private persona; and the name that only you know, which refers to your deepest self. Many people know the first name, and some people know the second. Do you know your secret name, your individual, singular, unique name? This is a name that was given to you before you were named by your family and by your society. This name is the one that you should never lose or forget. Do you know it?

Winner of the 2016 Man Booker International Prize NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Publisher's Weekly • Buzzfeed • Entertainment Weekly • Time • Wall Street Journal • Bustle • Elle • The Economist • Slate • The Huffington Post • The St. Louis Dispatch • Electric Literature Featured in the New York Times selection of "15 remarkable books by women that are shaping the way we read and write fiction in the 21st century" A beautiful, unsettling novel about rebellion and taboo, violence and eroticism, and the twisting metamorphosis of a soul Before the nightmares began, Yeong-hye and her husband lived an ordinary, controlled life. But the dreams—invasive images of blood and brutality—torture her, driving Yeong-hye to purge her mind and renounce eating meat altogether. It’s a small act of independence, but it interrupts her marriage and sets into motion an increasingly grotesque chain of events at home. As her husband, her brother-in-law and sister each fight to reassert their control, Yeong-hye obsessively defends the choice that’s become sacred to her. Soon their attempts turn desperate, subjecting first her mind, and then her body, to ever more intrusive and perverse violations, sending Yeong-hye spiraling into a dangerous, bizarre estrangement, not only from those closest to her, but also from herself. Celebrated by critics around the world, The Vegetarian is a darkly allegorical, Kafka-esque tale of power, obsession, and one woman’s struggle to break free from the violence both without and within her.

The Astrological Dynamics of the Universe

Transitional justice seeks to establish a break between the violent past and a peaceful, democratic future, and is based on compelling frameworks of resolution, rupture and transition. Bringing together contributions from the disciplines of law, history and anthropology, this comprehensive volume challenges these frameworks, opening up critical conversations around the concepts of justice and injustice; history and record; and healing, transition and resolution. The authors explore how these concepts operate across time and space, as well as disciplinary boundaries. They examine how transitional justice mechanisms are utilised to resolve complex legacies of violence in ways that are often narrow, partial and incomplete, and reinforce existing relations of power. They also destabilise the sharp distinction between ‘before’ and ‘after’ war or conflict that narratives of transition and resolution assume and reproduce. As transitional justice continues to be celebrated and promoted around the globe, this book provides a much-needed reflection on its role and promises. It not only critiques transitional justice frameworks but offers new ways of thinking about questions of violence, conflict, justice and injustice. It was originally published as a special issue of the Australian Feminist Law Journal.

**Map of the Soul – Persona**

In the stories by Anton Chekhov there is no seriousness of the plot, as in Dostoevsky’s novels, but together with simplicity and funny side of everyday life Chekhov’s characters are not less dramatic or deep. However, polished sarcasm is not an obstacle for Chekhov to show his characters in a warm and realistic way. There is no grotesque of Saltikov-Schedrin who turns people into images; we can recognise an ordinary modern man on the pages of Chekhov’s stories.

Shows that pragmatic historicism is a significant intellectual tradition in the history of American religious and philosophical thought. Among the greatest challenges facing religious thinkers today is that created by historicism, the notion that human beings and their myriad understandings of reality are utterly historical, conditioned by contingent circumstances and tied to particular contexts. In this book, Demian Wheeler confronts the historicist challenge by delineating and defending a particular trajectory of historicist thought known as pragmatic historicism. Rooted in the German Enlightenment and fully developed within the early Chicago school of theology, pragmatic historicism is a predominantly American tradition that was philosophically nurtured by classical pragmatism and its intellectual siblings, naturalism and radical empiricism. Religion within the Limits of History Alone not only undertakes a detailed genealogy of this pragmatic historicist lineage but also sets forth a constructive program for contemporary theology by charting a path for its future development. Wheeler shows that pragmatic historicism is an underdeveloped resource for contemporary theology since it offers a model for normative religious thought that is theologically compelling yet wholly nonsupernaturalistic, deeply pluralistic, unflinchingly liberal, and radically historicist. Demian Wheeler is Associate Professor of Philosophical Theology and Religious Studies and Director of Advanced Studies at United Theological Seminary of the Twin Cities. He is the coeditor (with David E. Conner) of Conceiving an Alternative: Philosophical Resources for an Ecological Civilization.

The author, in defining the genre of "lyrical fiction," separates a type of fiction that can be legitimately viewed as “poetry” from other narrative types. The lyrical novelist uses fictional devices to find an aesthetic expression for experience, achieving an effect most frequently seen in dreams, picaresques, and allegories. Analyzing representative novels by Hermann Hesse, Andre Gide, and Virginia Woolf, Ralph Freedman focuses on the problem of self-consciousness. His findings are directly applicable to much twentieth-century fiction. Originally published in
