American Born Chinese

Third in the A Boy Named Jack series about growing up on a working cattle ranch in New Mexico. These stories are all about Alice.

Captain Scraggs; Or, The Green-Pea Pirates

Scott Starkey and his wife Jennifer were determined after marrying that their household should never grow beyond the two of them - and however many dogs and cats occupied the premises at the time - when, in 2004, a chance encounter with a television program called “China’s Lost Girls” set in motion a series of events that eventually led them to China and a thirteen month old little girl - their precious daughter Hope - in August, 2010. "You’ve Come a Long Way, Baby: A China Adoption Story" is a poignant, heartfelt, and frequently humorous chronicle of one couple’s emotional adoption journey, including the decision to adopt, persistence through years of waiting, an anxiety filled two-week “adventure” in China where they met their little girl for the first time, and the challenges faced along the way. More importantly, it’s a unique look at family, and what it really means to make one.

The Wolf Boy of China

An American-born son of an aristocratic Chinese family struggles with the uncertainties of growing up torn between two cultures in a tough San Francisco neighborhood during the 1950s.

China Boys

The Postal Record
What a knockout. An incredibly rich and new voice in American literature... China Boy grabs the reader's heart and won't let go... A wonder of a story."—Amy Tan, #1 New York Times bestselling author of The Joy Luck Club Kai Ting is the only American-born son of an aristocratic Mandarin family that fled China in the wake of Mao's revolution. Growing up in San Francisco's ghetto, Kai is caught between two worlds—embracing neither the Chinese nor the American way of life. After his mother's death, Kai is suddenly plunged into American culture by his new stepmother, a Philadelphia society woman who tries to erase every vestige of China from the household. Warm, funny, and deeply moving, China Boy is a brilliantly rendered novel of family relationships, culture shock, and the perils of growing up in an America of sharp differences and shared humanity.

Lippincott's Magazine

Add 20 Amarinya words to your vocabulary. Count 1 2 3 to 20 in Amarinya and English! My First Amarinya Counting Book is a colouring activity book for introducing your plurilingual child to numbers in Amarinya and English. Count up to 20 with your baby. Discover the world in Amarinya and English together with your plurilingual child. Suitable for children 0 to 7 years old. Written in Modern Amarinya by kasahorow.

The Writings of Bret Harte: Tales of the Argonauts

Alice and the Scaredy Cats

A tour-de-force by rising indy comics star Gene Yang, American Born Chinese tells the story of three apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover that he's the only Chinese-American student at his new school; the powerful Monkey King, subject of one of the oldest and greatest Chinese fables; and Chin-Kee, a personification of the ultimate negative Chinese stereotype, who is ruining his cousin Danny's life with his yearly visits. Their lives and stories come together with an unexpected twist in this action-packed modern fable. American Born Chinese is an amazing ride, all the way up to the astonishing climax. American Born Chinese is a 2006 National Book Award Finalist for Young People's Literature, the winner of the 2007 Eisner Award for Best Graphic Album: New, an Eisner Award nominee for Best Coloring and a 2007 Bank Street - Best Children's Book of the Year. This title has Common Core Connections.

**The Life of Sir Harry Parkes: Consul in China. by S. Lane-Poole**
"China Boys offers a close-up view of the U.S. opening to China and the pioneer days in U.S.-China relations. Diplomat Nicholas Platt describes preparations for the historic Nixon visit to China in 1972, the setting up of America's first resident diplomatic office in the PRC, headed by David Bruce, and the first encounters between Americans and Chinese, including Olympic athletes, orchestra maestros, members of Congress, airplane manufacturers, bankers, scientists, and inner city youths. He further reveals the forging of the first links between the Pentagon and the People's Liberation Army following the Soviet invasion of Afghanistan and shows how these ties evolved into today's crucial relationship. He also examines the role played by nongovernmental organizations like the Asia Society in building U.S.-China relations."--P. [4] of cover.
